

TAJ GLOBAL USA LLC MASK CATALOGUE

Innovating Success, Connecting the World

Who We Are?

TAJ Global USA LLC is your trusted partner in innovation and growth. We deliver tailored solutions that empower businesses to achieve their goals with excellence and efficiency.

Our Mission

To set new industry benchmarks by providing cutting-edge services that foster growth, build trust, and drive long-term success.

Our Services

Customized Solutions: Strategies tailored to your unique needs.

Advanced Technology: Future-ready, innovative solutions.

Global Reach: Seamless services across borders.

Product 1

3-Ply Medical Mask

Description:

The 3-Ply Medical Mask by American Safety is a disposable, nonwoven mask offering $\geq 98.9\%$ bacterial filtration efficiency. It is lightweight, latex-free, and includes elastic ear loops for a secure fit. Suitable for medical and general protective use, it complies with FDA, CE, and ISO standards.

Attribute	Details
Part Number	MMS17786
Material	Nonwoven Fabric
Layers	Spunbond (25g), Meltblown (25g), Spunbond (25g)
Filtration Efficiency	$\geq 98.9\%$
Features	Latex-free, elastic ear loops, disposable
Dimensions	17.5 × 9.5 cm
Certifications	FDA, CE, ISO 9001, ISO 13485

Product 2

4-Ply Medical Mask

Description:

The 4-Ply Medical Mask enhances protection with an extra meltblown layer, achieving $\geq 98.9\%$ bacterial filtration efficiency. It is antibacterial, disposable, and ideal for high-protection needs. Certified by FDA, CE, and ISO.

Attribute	Details
Part Number	MMS17788
Material	Nonwoven Fabric
Layers	Spunbond (25g), Meltblown (25g × 2), Spunbond (25g)
Filtration Efficiency	$\geq 98.9\%$
Features	Latex-free, elastic ear loops, disposable
Dimensions	17.5 × 9.5 cm
Certifications	FDA, CE, ISO 9001, ISO 13485

Product 3 N95 Mask

Description:

The N95 Mask provides $\geq 95\%$ bacterial filtration efficiency with advanced electrostatic polypropylene fiber. Designed for non-oil environments, it includes adjustable nose clips and welded headbands for a secure fit. Compliant with FDA, CE, and ISO standards.

Attribute	Details
Material	Electrostatic Nonwoven Polypropylene Fiber
Filtration Efficiency	$\geq 95\%$
Features	Adjustable nose clip, welded headbands
Certifications	FDA, CE, ISO 9001
Packaging	20 masks per box, 20 boxes per carton

Product 4 KN95 Mask

Description:

The KN95 Mask ensures efficient filtration, blocking $\geq 95\%$ of particles. Its ergonomic design features adjustable nose clips and multiple purification layers. Ideal for non-medical use, it provides a comfortable and secure fit.

Attribute	Details
Material	Nonwoven Fabric
Filtration Efficiency	$\geq 95\%$
Features	Adjustable metal nose clip, 5 layer purification
Certifications	FDA, CE, ISO 9001
Packaging	20 masks per box, 20 boxes per carton

Product 5 Facemate Classic Surgical Mask (Earloop)

Description:

The Facemate Classic is a synthetic earloop or tie-on surgical mask providing continuous comfort. Designed for Type II and IIR standards, it is lightweight and latex-free, ensuring a comfortable fit. Available in various colors to suit different preferences.

Attribute	Details
Type	II and IIR
Material	Nonwoven Synthetic
Colors	Blue (Green and White available on request)
Features	Latex-free, Glass fiber-free, Hypoallergenic
Certifications	CE EN 14683

Product 6 Facemate Anti-Splash Type IIR Surgical Mask (Earloop)

Description:

The Facemate Anti-Splash Type IIR mask is a 3-ply surgical mask with elasticated ear loops. It features a splash-resistant layer, protecting the wearer against fluid splashes and liquid droplets. Certified for medical use.

Attribute	Details
Type	IIR
Material	Nonwoven Synthetic
Layers	3-ply
Colors	Blue and Green
Features	Splash-resistant, Elastic ear loops
Certifications	CE EN 14683

Product 7

Facemate Xtra Comfort Surgical Mask (Earloop)

Description:

The Facemate XtraComfort surgical mask includes a smooth inner nonwoven layer for enhanced comfort, especially during extended periods of use. Ideal for sensitive skin, it helps maintain a cool and breathable experience.

Attribute	Details
Type	II and IIR
Material	Nonwoven Synthetic
Colors	Blue, Green, or White
Features	Extra smooth inner layer, Hypoallergenic
Certifications	CE EN 14683

Product 8

Facemate Anti-Splash Surgical Mask (Tie-On)

Description:

The Facemate Anti-Splash Tie-On mask features an additional splash-resistant layer, providing enhanced protection against fluid splashes. It is lightweight and available in multiple colors for convenience.

Attribute	Details
Type	IIR
Material	Nonwoven Synthetic
Layers	4-ply
Colors	Blue (Green and White available on request)
Features	Splash-resistant, Tie-on design
Certifications	CE EN 14683

Product 9 Facemate Anti-Fog Surgical Mask (Tie-On)

Description:

The Facemate Anti-Fog surgical mask is specially designed for individuals wearing glasses or optical equipment. Its highly absorbent top binding layer minimizes fogging and ensures a clear view.

Attribute	Details
Type	II
Material	Nonwoven Synthetic
Colors	Blue (Green and White available on request)
Features	Anti-fog, Highly absorbent top layer
Certifications	CE EN 14683

Product 10 Facemate Extra-Large Surgical Mask (Tie-On)

Description:

The Facemate Extra-Large surgical mask is designed for individuals requiring increased facial coverage. With a foam top binding, it ensures a comfortable seal, making it suitable for people with beards.

Attribute	Details
Type	II
Material	Nonwoven Synthetic
Colors	Blue (Green and White available on request)
Features	Larger fit, Foam top binding
Certifications	CE EN 14683

Product 11 Facemate Flat Fold Respirator Masks (N95, FFP2, FFP3)

Description:

Facemate flat fold respirator masks provide reliable protection against harmful particles and aerosols. Compliant with NIOSH (N95) and CE EN standards (FFP2, FFP3), these masks ensure long-term safety and comfort.

Attribute	Details
Types	N95, FFP2, FFP3
Material	Meltblown Filtration
Filtration Efficiency	N95 ($\geq 95\%$), FFP2 ($\geq 94\%$), FFP3 ($\geq 99\%$)
Features	Adjustable nose piece, Elastic straps
Certifications	NIOSH, CE EN 149

Product 12 Fabric Mask

Description:

Fabric masks are reusable and eco-friendly, designed for general use. They provide a comfortable fit with soft, breathable materials. Ideal for everyday wear, these masks are available in multiple colors and sizes.

Attribute	Details
Material	High-quality cotton or polyester blend
Type	Reusable
Layers	2 or 3-ply
Features	Soft, breathable, washable
Sizes Available	Small, Medium, Large
Colors	Multiple (customizable)
Packaging	Individually wrapped or in packs of 5/10

Product 13 Children's Masks

Description:

Children's masks are designed to fit smaller faces comfortably, offering both safety and style. These masks are made with soft, hypoallergenic materials, featuring vibrant colors and patterns to encourage consistent use.

Attribute	Details
Material	Hypoallergenic cotton or synthetic blends
Type	Disposable and Reusable
Layers	2 or 3-ply
Features	Lightweight, colorful, child-friendly
Sizes Available	Small (ages 3-7), Medium (ages 8-12)
Designs	Vibrant colors, fun patterns
Certifications	CE certified
Packaging	Individually wrapped or in packs of 10/20

Product 14 Surgical Masks

Description:

These high-performance surgical masks feature advanced melt-blown filtration for superior protection against airborne particles. Available in 3-ply and 4-ply options, they ensure a secure, breathable fit. Hypoallergenic and comfortable for extended wear, they're lightweight yet durable, making them ideal for healthcare settings, commutes, and high-traffic areas.

Attribute	Details
Material	Proprietary melt-blown filtration
Types Available	3-ply and 4-ply
Features	Latex-free, Glass fibre-free, Hypoallergenic
Certifications	CE EN 14683, ISO9001:2000, MDR compliant
Bacterial Filtration Efficiency (BFE)	>98%
Breathing Resistance	<40.0 Pa/cm²
Packaging	40 or 50 masks per box, 6 boxes per case

Thank You For Choosing **TAJ GLOBAL USA LLC**

At **TAJ Global USA LLC**, we believe that success is built on trust, collaboration, and a shared vision. By partnering with us, you're not just accessing innovative solutions and global expertise - you're joining a journey toward growth, excellence, and endless possibilities.

Why We're Here for You:

To Empower: Your success is our success.

To Innovate: We bring cutting-edge strategies to every challenge.

To Connect: Our global reach ensures you're never limited by borders.

Our Services

Let's continue shaping the future together. We're committed to delivering exceptional results and being the partner you can always rely on.

Stay Connected, Stay Inspired,
and let's achieve greatness — together.
